Good Afternoon Tanya,

West Valley Votes Committee Official Response to Case# 154715

The West Valley Votes Committee inadvertently reported two donations incorrectly. These contributions were reported as lump sums from the WV Payroll Department on December 29, 2023 and January 31, 2024. We were alerted to this mistake and are amending our reporting to list the individuals who donated during this time period.

We welcome more training from the PDC on the reporting system as well as any actions to simplify the process moving forward. As a committee, we remain dedicated to transparent reporting and will take steps to ensure accuracy of future reports.

Please let me know if you have any questions or if need to post the response in another place.

Thanks,
Sam Andrews
