Complaint Description
<u>Conner Edwards</u> reported via the portal Despite making a contribution to a WA candidate (see attached) this entity has not filed a C5. Seemingly, they are required to under RCW 42.17A.250. See attachments. Because the respondent has failed to timely/accurately file reports, members of the public are unable to tell whether the filer received certain types of contributions or made expenditures during the relevant timeframe, significantly reducing transparency available to the public. PDC staff must take prompt action on this complaint to help render the assistance necessary to bring this filer into compliance. The PDC has an obligation to provide transparency to the voters by enforcing filing requirements. The agency's failure to actively monitor the filings of filers and enforce filing requirements damages both the public and the filers themselves. I have tried many different times to get the PDC to take action on this type of issue with no tangible results whatsoever. Having exhausted all of my other options to pursue reform, the only remaining option available to me to compel the agency to take action here is to file PDC complaints against these noncompliant filers in an effort to force the agency to take action. By highlighting the agency's failure to meaningfully enforce current reporting deadlines, my hope is that the agency will look to improve its own enforcement procedures and help candidates and treasurers comply with the law. Notice to Respondents I apologize to you for any inconvenience caused by this complaint; it is not my intention. No campaign treasurer or campaign/committee is perfect. Trying to comply with the myriad of requirements and deadlines the PDC enforces can be extremely difficult, even for those who have been doing this for years. The agency could adopt any number of strategies to help filers "get it right" when it comes to deadlines and other requirements. Some of these strategies might include: a) automated electronic filing reminders to a filer when they have missed a deadline, b) mandatory attendance in a PDC training course before a person is allowed to serve as treasurer, c) giving filers 48 hours to file 21- & 7-day pre-election reports as

opposed to the 24 hours candidates currently get, and d) improvements to the ORCA online campaign finance filing system to improve useability.

In my opinion, the agency has failed to provide many filers with the knowledge and tools that they need to file reports on time and be compliant.

If you are confused by the filing requirements that the agency enforces or are experiencing technical difficulties and/or usability issues with the ORCA system, please be sure to indicate this in your response to the PDC: your comments will provide extremely valuable feedback for the agency.

What impact does the alleged violation(s) have on the public?

Because the respondent has failed to timely/accurately file reports, members of the public are unable to tell whether the filer received certain types of contributions or made expenditures during the relevant timeframe, significantly reducing transparency available to the public.

PDC staff must take prompt action on this complaint to help render the assistance necessary to bring this filer into compliance.

Making our voice stronger - IFPTE LEAP - PAC

The past few years show how necessary and beneficial it is for union members to pay attention to the actions in Congress and our state legislatures. The IFPTE Legislative Education Action Program (LEAP), Political Action Committee (PAC) is an important tool that allows union members to support the people in Congress and state legislatures who support the issues that matter most to our careers, families and issues for working families.

Key Facts IFPTE LEAP-PAC

A Political Action Committee – PAC – is an account set up to pool money for use in the political process. Labor unions, along with corporations like The Boeing Company and Spirit AeroSystems, cannot make direct contributions to candidates or elections. However, they can set up PACs that can collect and pool money contributed by individuals.

The IFPTE LEAP-PAC collects and pools money from union members in IFPTE local unions. That money can then be used to support candidates.

- All contributions are voluntary.
- No dues money is used.
- Payroll deduction is from the first paycheck of the month.
- IFPTE LEAP-PAC supports candidates who support the issues important to IFPTE members.

"Just like SPEEA gives us more equal footing when negotiating with the executives on working conditions, the PAC gives us more equal footing

- The IFPTE Executive Council, including three SPEEA vice presidents, oversees and distributes funds.

when talking to our members of Congress.” –
