Complainant Name

Complaint Description
<p>This PAC made a \$500 contribution in May 2024, but failed to file a C5. See attached.</p> <p>Because the respondent has failed to timely/accurately file reports, members of the public are unable to tell whether the filer received certain types of contributions or made expenditures during the relevant timeframe, significantly reducing transparency available to the public.</p> <p>PDC staff must take prompt action on this complaint to help render the assistance necessary to bring this filer into compliance.</p> <p>The PDC has an obligation to provide transparency to the voters by enforcing filing requirements. The agency's failure to actively monitor the filings of filers and enforce filing requirements damages both the public and the filers themselves.</p> <p>I have tried many different times to get the PDC to take action on this type of issue with no tangible results whatsoever. Having exhausted all of my other options to pursue reform, the only remaining option available to me to compel the agency to take action here is to file PDC complaints against these noncompliant filers in an effort to force the agency to take action.</p> <p>By highlighting the agency's failure to meaningfully enforce current reporting deadlines, my hope is that the agency will look to improve its own enforcement procedures and help candidates and treasurers comply with the law.</p> <p>Notice to Respondents</p> <p>I apologize to you for any inconvenience caused by this complaint; it is not my intention. No campaign treasurer or campaign/committee is perfect. Trying to comply with the myriad of requirements and deadlines the PDC enforces can be extremely difficult, even for those who have been doing this for years. The agency could adopt any number of strategies to help filers "get it right" when it comes to deadlines and other requirements.</p> <p>Some of these strategies might include: a) automated electronic filing reminders to a filer when they have missed a deadline, b) mandatory attendance in a PDC training course before a person is allowed to serve as treasurer, c) giving filers 48 hours to file 21- & 7-day pre-election reports as opposed to the 24 hours candidates currently get, and d) improvements to the ORCA online campaign finance filing system to improve useability.</p> <p>In my opinion, the agency has failed to provide many filers with the knowledge and tools that they need to file reports on time and be compliant.</p>

If you are confused by the filing requirements that the agency enforces or are experiencing technical difficulties and/or usability issues with the ORCA system, please be sure to indicate this in your response to the PDC: your comments will provide extremely valuable feedback for the agency.

What impact does the alleged violation(s) have on the public?

Because the respondent has failed to timely/accurately file reports, members of the public are unable to tell whether the filer received certain types of contributions or made expenditures during the relevant timeframe, significantly reducing transparency available to the public.

PDC staff must take prompt action on this complaint to help render the assistance necessary to bring this filer into compliance.

Out-of-State Committees

A committee registered in another state or with the FEC faces reporting requirements for contributions or expenditures to state candidates or political committees.

Who Must Report

An out-of-state political committee, including political committees filing with the Federal Election Commission, is required to report when it makes a contribution or other expenditure of more than \$50 to or on behalf of a Washington state candidate or political committee. (RCW 42.17A.250)

To file as an out-of-state political committee, all the criteria in (a) and (b) below must be satisfied:

(a) **Out-of-State.** First, the committee must be located out-of-state. It must be maintaining its office or headquarters in another U.S. state or the District of Columbia, and has no office, street address or corporate registered agent in Washington State. If there is no office or headquarters in another state or the District of Columbia, and no corporate registered agent in Washington State, the political committee is deemed out-of-state if its treasurer resides in another U.S. state or the District of Columbia.

(b) **Organizational Purpose and Campaign Activities.** Second, the committee must also be currently organized primarily for engaging in campaign activities in another state. The political committee may be described in other states as a political committee, political action committee (PAC), group (Alaska) or similar terms to describe a committee. Therefore, to qualify as a current out-of-state committee, the committee must also:

(i) Be currently registered and actively filing campaign disclosure reports in one or more other states and has been so filing for the preceding two years; and,

(ii) Have organizational documents showing it was originally formed and is currently organized for the purpose of making expenditures in another state or soliciting contributions for use in another state's election campaigns; and,

(iii) Have spent less than 20 percent of its aggregate expenditures for all political campaign activity nationwide at any point in any calendar year to support and/or oppose Washington candidates for state, local and judicial office, Washington ballot measures and/or Washington political committees.

A committee that does **not** satisfy the criteria in sections (a) and (b) above shall file as an in-state committee under RCW 42.17A, including RCW 42.17A.205 – RCW 42.17A.240.

Out-of-state political committees reporting under RCW 42.17A.250 are also subject to reporting pursuant to RCW 42.17A.260 (political advertising independent expenditures) and 42.17A.305 through 42.17A.315 (electioneering communications).

If the federal committee is located in Washington state, a C-5 would not be required if it contributes to a state candidate.

When to Report

A C-5 report is due no later than the 10th day of the month following any month in which a contribution or other expenditure of more than \$50 is made to or on behalf of a Washington state candidate or political committee.

After filing an initial C-5 report, subsequent reports during the same calendar year shall be filed updating or amending the information previously reported. These follow-up reports are also due no later than the 10th day of the month following any month in which an additional contribution or other expenditure of more than \$50 is made. The C-5 report is considered filed as of the postmark date.
