Good morning I am addressing the complaint filed against me.

I opened an account for my campaign with a personal loan from myself for \$5000. This was on 2/13/2024, when I filed my C-4 on 3/31/2024 I thought I had taken care of the reporting. When I filed my C-3 on June 3, it shows that it covered back to 2/13/2024. I thought all was good. There was absolutely no deceit or covering up anything. This was obviously an oversight on my part since I am very new to this. I will try and go back and amend my C-3. I did attend the training course and there is a lot of information in this but must have overlooked something. Thank you for bringing this to my attention.
