

Response for PDC enforcement case 156305

Complaint #1.

Result: We've worked with the PDC directly resolve this complaint.

Complaint #2.

Result: We've worked with the PDC directly to amend the filings mentioned in this complaint. During this time we had a software issue, so we think that is where this potentially stems from, but appreciate it being brought to light.

Complaint #3.

Result: This complaint is opinion based. Our PAC support is very niche and we do not participate in every election year. Nothing extra needs to be filed.

Thank you for your time,

Brandon Franck
