I recieved an email reminder that the report needed filed by the end of the day sept 10th. I filled out the report on the 10th, but when i tried to send it it popped up with something like "this report cannot be filed yet as the timeline hasnt expired" or something like that. The next day sept 11th I got an email saying i didnt file the report. i immediatly went online on sept 11th and this time it let me send the report i compleated the previous day.
