Hello Tanya:

The construction business referenced by the complainant was purchased by the candidate many months after he filed his F1 in March of 2024. The F1 covered the time period of 3/20/23 to 3/19/24.

Even before this complaint came in, the campaign called the PDC and asked if the F1 needed to be amended to include this information. The PDC said that no amendment was necessary.

Thank you.
