RE: PDC Complaint Number 160532

Dear Ms. Hansen:

Prior to the close of my 2022 campaign for county commissioner, we reached out to very helpful PDC staff in order to resolve a technical issue with our reporting software vendor in the process of getting our reporting up to date. When we went back to close out the campaign after a long period of no reportable campaign activity, we discovered that one contribution came in the day before the election, two others came in the week after the election, and the payment of the final campaign expenses had not been reported. To correct this, we reported these transactions and filed all remaining reports to complete reporting for the campaign.

We regret this oversight connected with my 2022 campaign. Please do not hesitate to reach out if you have additional questions.

Sincerely,
