

Rural Americans United reported via email Fri, 15 Nov 2024

To: PDC Support

Pardon the delayed response. Our directors, accountant, and attorney have reviewed the complaint but feel we lack sufficient knowledge to determine whether additional reporting is required. Additionally, if we understand it correctly, the complaint references an incomplete accounting of the relationship between Rural Americans United and Rural Americans United Education Foundation on a C1 filing.

We are committed to adhering to all rules, regulations, and conventions regarding the reporting and accounting of our organizational activities. Therefore, we kindly request assistance in understanding what steps we need to take to address any potential issues. Thank you.

Much success,

Doug
