Hello: Here is my response on 161568.

I have had flu symptoms all week and did not upload C4 on Oct 29. I have uploaded it today, Oct 31.

The only campaign activity not already reported was one \$100 contribution on Oct 24. And one expense of \$29.42 on October 25. My apologies for missing this deadline which slipped past me. Thank you for the notice. I believe that all campaign activity is currently reported.

Is there anything else, at this time, needed by the PDC?
