Complaint Description
<p>Glen Morgan reported via the portal (Wed, 16 Oct 2024 at 12:49 PM)</p> <p>To whom it may concern (and it should concern everyone):</p> <p>It has come to my attention that the Jefferson County Democrats have violated Washington State’s campaign finance laws (RCW 42.17A), once again. The details of this lawbreaking are as follows:</p> <p>1) Attempt to conceal the true source of over \$85,000 in contributions. Filing contribution reports with the PDC with false or fraudulent information (Violation of RCW 42.17A.235, RCW 42.17A.240)</p> <p>During the current 2024 election cycle, this secretive shady, local PAC decided to go full dark money mode and conceal the true source of most campaign cash they are utilizing right now to influence elections. This is certainly election interference, a threat to Democracy, and a clear and present danger to the safety and security of our state. The details of this deceptive scheme are as follows:</p> <p>Example #1-27</p> <p>The Primary secret cash stash for this 2024 election cycle for this organization has come from a mislabeled category of contributions from listed contributor “Campaign Headquarters” in multiple laundered cash transactions totaling \$76,284.68 so far – this is a majority of the cash this crew has been utilizing this year. (See attached Spreadsheet labeled “Jefferson County Democrats – Money Laundering Secret Cash Infusions – Concealing Donors 2024”, attached for staff reference). Please note the C3 contribution report numbers are included in the spreadsheet for easy staff verification.</p> <p>Cloaking the true source of this large cash stash from the public and filing fake PDC C3 contribution reports to facilitate this dark secretive money conspiracy, even in Washington State is a concern. This must be a top priority concern for anyone who cares about transparency in elections, and for all who fear that Democracy dies in Darkness. The darkness begins with behavior like this. If this behavior was legal, everyone would do it, but so far this crew has demonstrated the largest violation of this exact category of violation I found so far this week, and it merits a deep dive and investigation by PDC staff. What is the true source of these large “anonymous” funds? Is it foreign cash from China or Russia to interfere in local elections? Are they laundering illegal proceeds by selling fentanyl to the local drug addict population suffering at their local homeless camp nearby? Is this crew profiting from an underage child trafficking operation? Nobody has a clear answer to these questions, and this crew is clearly willing to violate the law and conceal the truth from a potentially gullible public and a useless compromised local media. Unfortunately, this crew also appears to presume that the PDC will just let them get away with their willful deception.</p> <p>Example #28-35</p> <p>Unfortunately, it only gets worse after this. Apparently since the above secretive money laundering operation appeared to be so successful, they have also funneled another \$10,043.05 in dark money cash from another shady operation in town, just down the street called “2024 Democrats Deliver” or “2024 Democrats Deliver!” Again, this appears to be an anonymous fake shell organization – which doesn’t exist as an actual entity, but instead as a way to conceal the true source of this otherwise anonymous cash stash and funnel it into more election activity to illegally influence local elections (See attached spreadsheet labeled “Jefferson County Dems – Secret Cash Stash from Shady dark Money group – 2024 Democrats Deliver (!)”, attached for staff reference). Please note the C3 contribution report numbers are included in the spreadsheet for easy staff verification.</p> <p>Example #36-37</p> <p>Most criminal conspiracies have an origin story, and while the public may never know the truth about where this one started, it seems likely that this illegal activity had it’s origins in the hot summer of 2023 last year. This is the first time we notice a strange contribution from this shady, unregistered, non-existent entity called “Democrats Deliver” (without the year or</p>

explanation point that appears in the 2024 reports), with the largest single source cash pile that year coming in one reported transaction of \$7,140.00 (**See PDC C3 Report Tracking # 110170988, attached for staff reference**). The same day this crew claims they got this cash from this unknown organization, which was August 27, 2023, they also reported an additional \$1,205.00 from a “Democrats Deliver Fundraiser” using the same address (**See PDC C3 Report Tracking # 110168654, attached for staff reference**). It isn’t clear, and this is probably on purpose, the difference between these same cash infusions from presumably the same source on the same day. **Presumably, they were able to interfere in local elections and influence the outcomes with this dark money cash, and it gave them the idea that they should just skip reporting on the true source of most of their funding and just go full anonymous moving forward**, which brings us to the current troubling drama of 2024 and the full dark mode this secretive PAC has become.

The need to conduct a deep dive audit on this operation including subpoenas of this organizations bank accounts is probably necessary to figure out the true source of this secretive dark money cash.

If this crew is allowed to get away with this type of concealment of true donors to their six-figure election interference operation, then every single PAC in Washington State will start to imitate the scheme, and the entire rationale and justification for any type of campaign finance laws in Washington State can just be extinguished into a dark money bubble just like these guys are doing right now. Democracy dies in darkness and it is this type of operation that puts a stake through the heart of campaign finance transparency and encourages the darkness of Mordor to grow across our beautiful state.

2) Failure to properly identify sub-vendors in some expenditures (Violation of RCW 42.17A.235, RCW 42.17A.240, WAC 390-16-205)

This specific violation category is not as serious as the one detailed above, but once the disease of illegal activity starts, it tends to spread, so I wanted to let PDC staff engage on this violation as well just to nip the illegal activity in the bud and stop it from infecting every aspect of this shady operation

Generally, this group has been pretty good at following the requirements under **WAC 390-16-037**, but they have missed a variety of expenditures where the PDC and State law clearly require them to report otherwise concealed sub vendors (**See WAC 390-16-205**). These are examples of reports that need to be corrected so that the public can know the truth about how this group spends their secret dark money donor cash.

Examples as follows:

1. On 8/19/2024 - \$155.24 was spent with Vendor “Xpress Sign Company” , however no details on which candidate or campaign these signs were utilized for was included
 2. On 10/8/2024 - \$120 was apparently reimbursed to “Paul Aniotzbehre” for “6 baseball caps”, and Paul probably didn’t make these from scratch at his kitchen table, so the true sub vendor where he purchased these caps must no longer be concealed (**Clear WAC 390-16-205 violation**)
 3. On 8/15/2024 - \$61.09 was spent with vendor “Amazon” for a “Lifesize Cardboard Kamala Harris.” **Amazon makes nothing and produces nothing, but they used a sub vendor to provide this product and this sub vendor must be identified** to be compliant with **WAC 390-16-205**
 4. On 8/8/2024 - \$5,000 was spent with “Moss Vetica Alise” to “fund travel costs for alternate to National Convention in Chicago August 2024” – however **no breakdown of sub vendors was provided – airline, train, Uber, hotel, food, fuel, souvenirs, restaurants, etc. This is an egregious failure to provide details** and must be reported accurately in order to be compliant.
 5. Over the course of several months about **14 transactions totaling \$27,197.37 to “Xpress Sign Company”** were made which detailed the number of signs purchased, but not which candidates were featured and supported with those signs, which is a clear violation of the statute. **The signs that are created as in-kind contributions to candidates are perfectly fine, but they must be reported, and they can’t be concealed from the public.** This needs to be corrected in their reports.
 6. On 10/8/2024 - \$200 was spent with “Bill Collier” for “28 baseball caps, “Make America Kind Again” but they failed to provide the sub vendor who actually produced the caps themselves – a clear violation of **WAC 390-16-205**.
- Obviously, there are more violations like this in their reporting, but this is just what pooped off the page right away.

Jefferson county Democrats – They’ve been caught breaking the law before

Unfortunately, this group has a history of violating Washington State’s campaign finance laws. I caught them breaking the law back in 2017 with late reports concealing the truth from the public for long periods of time – 19 reports were seriously late

back then, and while the PDC issued a "Reminder Letter" (known as "naughty, naughty" letters), clearly, this group decided to go back to their lawbreaking ways and break the law even more egregiously now (See **PDC Enforcement Case #26538, settled in 2019, referenced docs attached for staff convenience**).

Obviously, this crew now believes there are no consequences for lawbreaking, and they appear to believe the law doesn't apply to them.

While Democracy may be dying in the darkness of Jefferson County led by this dark money operation today, I am confident that we can properly shine a light of darkness, even in Mordor, and finally reveal the truth that these guys have concealed from the public for so long now.

Let me know if you need any more information from me on this one.

Best Regards,

Glen Morgan

What impact does the alleged violation(s) have on the public?

The public has a right to know when a local secretive entity is laundering anonymous cash stashes and interfering in local elections while concealing the true source of \$85k or more in dark money cash. Even if the original source of these funds is illegal, they still need to reveal the truth and not hide it from the public

List of attached evidence or contact information where evidence may be found

All referenced in complaint and attached as exhibits

List of potential witnesses with contact information to reach them

Everyone associated with these groups - including the dark money Bag Men who are delivering the cash stashes to them. It would probably be helpful to subpoena the bank accounts as well.

Subject: Complaint regarding the Jefferson County Democratic Central Committee, PDC Case 26538

Dear Mr. Morgan:

The Public Disclosure Commission (PDC) has completed its review of the complaint you filed on October 12, 2017. Your complaint alleged that the Jefferson County Democratic Central Committee (Committee), a Continuing Bona Fide Political Party Committee, may have violated RCW 42.17A.235 by (1) failing to timely and accurately file C-3 and C-4 reports; (2) failing to timely and accurately report debt; and (3) failing to properly report the purpose of expenditures as required by RCW 42.17A.240, WAC 390-16-037 and WAC 390-16-205.

PDC staff reviewed your allegations; the applicable statutes, rules, and reporting requirements; the applicable C-3 and C-4 reports filed by the Committee; and the response provided by the Committee.

Based on staff's review, we found the following:

Allegation one: Failure to timely file C-3 and C-4 reports.

- PDC staff reviewed the 24 C-3 and C-4 reports you attached in the spreadsheet. Staff found that three reports were not required because they were standard interest accrued on money deposited in the Committee's account which is not considered a contribution for reporting purposes. For the remaining 21 reports, two were timely filed, nine were between one and 14 days late, and ten were 21 days late, accounting for \$3,232.38 in contributions received and \$1.48 in expenditures. All the late reports were outside the accelerated reporting period.

Allegation Two: Failure to timely and accurately report debt.

- PDC staff reviewed the 27 alleged unreported debts you attached in the spreadsheet. Except for a few items on the attached spreadsheet for items such as *print membership envelopes* on February 7, 2016 for \$359.56, *75 clinton yard signs* on September 30, 2016 for \$375 and *yard signs and campaign buttons* on August 26, 2016 for \$820.82, staff found that most of the items in the attached spreadsheet appear to be orders paid at the time the orders were placed, during the same reporting cycle. For example, the Committee paid \$280 on April 11, 2017 and \$694.28 on August 12, 2016, for *Jefferson county fair booth rental* and *3-month liability insurance for committee headquarters*, respectively. Additionally, you did not provide any evidence to show that any of the expenditure depicted in your spreadsheet was preceded by a promise to pay in an earlier reporting period.

- In its response to this allegation, the Committee, by way of its treasurer and chair, stated, “Mr. Morgan offers no proof that the Treasurers knew or could have known, the amount these expenditures would have totaled, in time to report during the period he alleges, because that is simply not the case.”

Allegation Three: Failure to properly report the purpose of expenditures.

- Staff reviewed the description of the payments made to the 38 vendors/individuals on your spreadsheet. Staff found that most of the expenses/payments made for items like buttons and supplies for canvassing, including reimbursements to individuals, even though some for small amounts of less than \$100, lacked the proper description(s) or additional information as required by RCW 42.17A.240, WAC 390-16-037 and WAC 390-16-205.

As noted above, staff found that there were multiple expenditures made by the Committee either to a vendor or an individual for which a more detailed explanation or description should have been provided as required by law. Staff also noted that there were 19 reports that were reported late by the Committee. However, these deficiencies are mitigated by the fact that the Committee showed a good faith effort by amending their reports during this period to disclose additional information or correct inaccurate information in the interest of transparency. The Committee has also since put some measures/controls in place to ensure timely filing of reports in the future. Additionally, the Committee has no prior violations.

Based on these findings staff has determined that, in this instance, the failure to file timely and accurate C-3 and C-4 reports, including expenditures for debt, and the failure to properly report the purpose of expenditures, does not amount to an actual violation warranting further investigation.

However, staff is reminding the Committee about the importance of filing timely and accurate C-3 and C-4 reports disclosing contribution and expenditure activities undertaken by the Committee, including expenditures for debt, and the importance of properly reporting the purpose of expenditures, specifically to include the number of items and sub-vendor information where applicable, as required by RCW 42.17A.240, WAC 390-16-037 and WAC 390-16-205.

Based on this information, the PDC finds that no further action is warranted and has dismissed this matter in accordance with RCW 42.17A.755(1).

File a Formal Complaint - Glen Morgan

[Glenmorgan89](#) reported (Thu, 12 Oct at 10:45 PM) via Portal Meta

To Whom it May Concern --

It has come to my attention that the Jefferson County Democratic Party has habitually and willfully committed frequent and multiple violations of **RCW 42.17A**.

1) Failure to file accurate, timely C3 and C4 reports. (Violation of RCW 42.17A.235)

State law requires that candidates and committees file frequent, accurate reports of contributions, expenditures, in-kind contributions, and debt. Unfortunately, the Jefferson County Democratic Party has failed on numerous occasions to do this. (See **Exhibits A - "Illegally late reported C3 and C4 reports"**)

2) Failure to accurately, timely report debt. (Violation of RCW 42.17A.240 (8), see WAC 390-05-295)

State law requires that the name and address of any person and the amount owed for any debt, obligation, note, unpaid loan, or other liability in the amount of more than two hundred fifty dollars or in the amount of more than fifty dollars that has been outstanding for over thirty days be reported on form C4. Per **WAC 390-05-295**, this includes any oral or written order placed, debt or obligation to purchase goods or services or anything of value, or any

offer to purchase advertising space, broadcast time or other advertising related product or service.

The Jefferson County Democratic Party illegally failed to report the following debts: (See **Exhibit B - "Illegal failure to timely report debts"**).

3) Failure to properly break down, describe expenses. (Violation of RCW 42.17A.235, see WAC 390-16-205, WAC 390-16-037)

State law requires that expenditures made on behalf of a candidate or political committee by any person, agency, firm, organization, etc. employed or retained for the purpose of organizing, directing, managing or assisting the candidate's or committee's efforts shall be deemed expenditures by the candidate or committee. In accordance with **WAC 390-16-037** and **WAC 390-16-205**, such expenditures shall be reported by the candidate or committee as if made or incurred by the candidate or committee directly. Additionally, in accordance with **WAC 390-16-037**, the exact purpose of the expenditure, the quantity of items printed, and the individual value of broadcast ads distributed on various media outlets must be disclosed on form C4.

The Jefferson County Democratic Party Committee illegally failed to break down the following expenses. (See **Exhibit C - "Illegal failure to break down expenditures"**)

The PDC should investigate the possibility that the Jefferson County Democratic Party committed the above violations maliciously, which would be a class C felony per **RCW 42.17A.750 (2)(c)**. If the PDC determines that is the case, they should refer the case to the Attorney General's office for criminal prosecution immediately.

Please don't hesitate to contact me if you need any additional information.

Best Regards,

Glen Morgan
