Conner Edwards
<b>Complaint Description</b>
<p><a href="#">Conner Edwards</a> reported via the portal (Wed, 22 Jan 2025 at 11:17 AM)</p> <p><b>Description of Complaint</b></p> <p>See attached complaint.</p> <p><b>Notice to Respondent</b></p> <p>I apologize to you for any inconvenience caused by this complaint. The chance that you will actually be fined for the violations identified above is extremely small because the agency is averse to doing the work necessary to bring cases to hearings. Most likely this case – and any future cases against you – will simply be dismissed by staff.</p> <p>This complaint is one of hundreds that I have filed to highlight and ultimately fix the significant shortcomings associated with the agency responsible for administering our state’s campaign finance laws.</p> <p>What are these shortcomings?</p> <p>Overcomplicated and outdated requirements that are difficult to understand and comply with. Failure to properly educate the regulated community about the tasks they must perform to remain in compliance with applicable requirements and avoid complaints. Failure of the agency to send regular reminders to filers about pending deadlines. A failure to proactively enforce applicable requirements which enables the complaint system to become weaponized. Non-intuitive, non-user friendly, and buggy reporting software. Failure to meaningfully enforce core requirements. Failure to follow the best operating practices of other neighboring campaign finance agencies. An agency leadership structure that largely disregards stakeholder input and is slow to identify and resolve major agency deficiencies.</p> <p>I believe that the best way to motivate the agency to address these problems is by filing a large number of complaints so that the agency’s problems become impossible to ignore.</p> <p>Slowly (too slowly) this strategy is starting to yield concrete and beneficial changes. You can read about these changes here: <a href="https://www.seattletimes.com/seattle-news/politics/why-one-man-filed-800-campaign-finance-complaints-against-wa-candidates/">https://www.seattletimes.com/seattle-news/politics/why-one-man-filed-800-campaign-finance-complaints-against-wa-candidates/</a></p> <p>If you believe that the agency could have done something different to help you proactively avoid the issues identified in this complaint, I hope that you will consider including it in your response. The agency, and the public, can benefit from your perspective and feedback.</p> <p>“I am no longer accepting the things I cannot change. I am changing the things I cannot accept.” — <b>Angela Davis</b></p>
<b>What impact does the alleged violation(s) have on the public?</b>
See complaint. The PDC has an obligation to provide transparency to the voters by enforcing disclosure requirements. The agency’s failure to actively monitor compliance with these requirements and enforce them damages both the public and members of the regulated community.
<b>List of attached evidence or contact information where evidence may be found</b>
See complaint and also PDC website.
<b>List of potential witnesses with contact information to reach them</b>
See complaint and also PDC website.
<b>Certification (Complainant)</b>

I certify (or declare) under penalty of perjury under the laws of the State of Washington that information provided with this complaint is true and correct to the best of my knowledge and belief.

Campaign for Tobacco-Free Kids

Sponsored · Paid for by Campaign for Tobacco-Free Kids

The U.S. FDA today issued a proposed rule to limit nicotine levels in cigarettes and other smoked tobacco products to minimally addictive or non-addictive levels. This is a game-changing proposal that would have huge public health benefits.

The FDA estimates it would prevent 48 million youth and young adults from becoming smokers this century, prompt 19.5 million smokers to quit ...

“

This is a truly game-changing proposal that would accelerate declines in smoking and save millions of lives from cancer, cardiovascular disease and other tobacco-related diseases if it is implemented.

**Complaint Against: Campaign for Tobacco-Free Kids****Submitted:** 1/22/25**Notice to Respondent Due By:** 2/1/25 per WAC 390-37-050(1)**90 Day Initial Hearing Deadline:** 4/22/25 per RCW 42.17A.755(3)**Statutes Violated:** RCW 42.17A.640, see WAC 390-20-125**Background****Washington State's Grassroots Disclosure Law**

One of the primary purposes of the public disclosure law is to provide citizens of this state, and especially voters, with the means for becoming informed about the financing of grassroots lobbying campaigns. The public disclosure law was enacted through voter approval of Initiative 276 in 1972. A subsequent amendment to that law relating to grassroots lobbying was passed in 2023 when Governor Inslee signed HB 1317 into law.

Any person or entity making grassroots lobbying expenditures not reported by a registered lobbyist, a candidate, or a political committee exceeding \$1,500 in the aggregate in a one-month period or exceeding \$3,000 in the aggregate in any three-month period must register as a sponsor of a grassroots lobbying campaign.<sup>1</sup>

A campaign must register and file its initial grassroots lobbying report (PDC Form L-6) within 24 hours of the initial presentation to the public when that occurs during the period beginning 30 days before the regular legislative session through the end of that session, or during any special session. Any other time of the year, grassroots lobbying campaigns must register with the PDC within five days of the initial presentation to the public. Thereafter, sponsors file monthly reports on the 10th of the month covering the preceding calendar month.

Additionally, the PDC recently implemented WAC 390-20-125, which requires (among other things) the sponsors of grassroots lobbying campaigns to itemize expenditures. These expenses are of particular public interest as they relate to outreach efforts that members of the public will directly experience.

**Violations**

Beginning on or around January 10, 2025, the organization "Campaign for Tobacco-Free Kids" began sponsoring digital Facebook advertisements designed to influence the passage of legislation restricting the sale of certain tobacco and nicotine products (see HB 1203 / SB 5183).

This ad campaign was timed to coincide with commencement of the 2025 legislative session. Based on the information available through the Facebook ad library, the amount the organization has spent on this campaign far exceeds \$1500. See attached.

Despite this, this organization has filed no L6. See attached list of all L6s ever filed with the PDC, sorted chronologically with most recently filed reports appearing first. It does not appear that a reported lobbyist for the organization has reported these expenditures either. See attached.

## **Conclusion**

I urge the PDC staff to take quick action and resolve the noncompliance identified in this complaint.

Best,

## **Notice to Respondent**

I apologize to you for any inconvenience caused by this complaint. The chance that you will actually be fined for the violations identified above is extremely small because the agency is averse to doing the work necessary to bring cases to hearings. Most likely this case – and any future cases against you – will simply be dismissed by staff.

This complaint is one of hundreds that I have filed to highlight and ultimately fix the significant shortcomings associated with the agency responsible for administering our state's campaign finance laws.

What are these shortcomings?

Overcomplicated and outdated requirements that are difficult to understand and comply with. Failure to properly educate the regulated community about the tasks they must perform to remain in compliance with applicable requirements and avoid complaints. Failure of the agency to send regular reminders to filers about pending deadlines. A failure to proactively enforce applicable requirements which enables the complaint system to become weaponized. Non-intuitive, non-user friendly, and buggy reporting software. Failure to meaningfully enforce core requirements. Failure to follow the best operating practices of other neighboring campaign finance agencies. An agency leadership structure that largely disregards stakeholder input and is slow to identify and resolve major agency deficiencies.

I believe that the best way to motivate the agency to address these problems is by filing a large number of complaints so that the agency's problems become impossible to ignore.

Slowly (too slowly) this strategy is starting to yield concrete and beneficial changes. You can read about these changes here: <https://www.seattletimes.com/seattle-news/politics/why-one-man-filed-800-campaign-finance-complaints-against-wa-candidates/>

If you believe that the agency could have done something different to help you proactively avoid the issues identified in this complaint, I hope that you will consider including it in your response. The agency, and the public, can benefit from your perspective and feedback.
