Hello,

The late filing of C-3 report was due to an inadvertent error where our Secretary entered and printed the forms but neglected to actually submit them in the online interface. She was then traveling without access to her files for several weeks and reported as soon as she could. We're working to appoint a Deputy Secretary to help mitigate issues like this.

Attached is a PDF of the "Democratic Principles" ad that was run in the Chronicle Newspaper, with dates on each. Also attached is a report from my treasurer re: facebook ads. Hopefully that is what is needed?

We're not sure what steps to take to amend the C-4, my treasurer is hoping for clarification on that.

If we still need to submit anything else, please let me know and we'll work on producing it as soon as possible.

Best,

Zac Eckstein
