PDC,

Thank you for your attention and patience with this matter. We have reviewed our records and see no unreported donations or deposits. We cannot explain why the PDC reports show a different balance on 12/31/2024 and 1/1/2025. As offered in the PDC email we received, we asked the PDC to assign a Disclosure Specialist, so they can help us determine the issue but we have not received any response to our request and have not been assigned a Disclosure Specialist that we are aware.

Once we receive assistance from a Disclosure Specialist we will submit an additional response to the complaint based on the information we find after working with the specialist. We ask that you allow additional time for a response, given the fact that we have not been assigned a Disclosure Specialist.

Respectfully,

Doug
