Hi Tabitha,

Thank you for the offers of assistance to ensure we are correctly reporting all of our contributions and expenditures in the current campaign. Quick administrative item - the treasurer for the Committee for Mercer Island Public Schools is Laura Oberto, who is copied on this response. We updated the registration information last week.

Now addressing the 2 items reported as in violation of PDC guidelines. I would like to note none of the alleged reporting violations misrepresent any of our financials to the voters of Mercer Island. The reports require small updates - fixing the start date of a reporting period in the first C-4 and adding vendor addresses to payments already reported.

- Ending balance of last campaign in 2022 versus beginning balance in 2025. All of our contributions accounting for the difference (\$2,660) were reported on C-3 reports; however, it looks like our first C-4 report did not include this \$2,660 of contributions due to the start date of the reporting period on that C-4. I have amended the C-4 to a start date of 2/5/2025 and everything ties out.
- Adding vendor addresses for reimbursements: Usually, the PDC reporting tool issues a pop-up warning if information is not included. Since I did not get that warning, and these items were purchased via a website, I erroneously submitted the expense reimbursement details without a vendor address. I have added the vendor addresses and amended the reports.

Thank you for your time,

Laura Oberto on behalf of Committee for Mercer Island Public Schools
