Dear Washington State Public Disclosure Commission,

This is the response to the supplemental complaint regarding the concern raised about the timeliness of the MCEC campaign's 7-day C-4 report.

**Response and Correction:**

We acknowledge that the 7-day C-4 report was not filed by the original due date. However, the report was submitted on **April 16, 2025**, 11:38am, which is within one business day of the deadline. The delay was unintentional and a brief administrative oversight due to the treasurer being on travel.

We understand the importance of timely filings and have taken steps to ensure future reports are submitted on or before their due dates. These steps include adjusting internal deadlines and setting up additional reminders such as a compliance tracking system.

We appreciate your understanding and are committed to maintaining full compliance with RCW 42.17A reporting requirements moving forward.

Respectfully,  
Sara L Bernardy  
Treasurer/Co-Chair
