To Whom It May Concern:

We acknowledge that a single report was filed later than intended. This was due to some miscommunication within the campaign in regard to the reporting requirements, and there was no intentionality or malice behind it. We have cleared this up and will endeavor to do our best to not allow it to happen again, as we value campaign transparency.

However, we would like to note that the election is more than a year away and no significant contributions or expenditures outside of the ordinary recurring overhead costs occurred during this period. We believe minimal harm, if any, was caused by the minor delay in the filing of this single report more than a year from the next election.

We have reported every instance of rent paid as is very clearly evident on our C4 filings. December's rent was paid for in November and included in report #110264036.

We thank the PDC for the opportunity to respond.

Sincerely,

Chelsea Dimas for State Rep
