Since the first complaint I have been making every effort to take care of this violation. I have placed stickers on 99% of my signs and intend to take care of all of them. There may be a few signs that people have taken by hand from me and I have been making every attempt to find and address every one of them.

These people have been harassing my neighbors, family members and myself since I decided to run for office. I have stickers with me at all times just in case I come across a sign that hasn't been addressed. The second complaint is the same picture that was attached to the first complaint. Attached you will find a picture of my sign with the added information. Please let me know if there is anything else that is required of me.

Thank you,

Josh Grasseeth
