Good Afternoon Ms. Blacksmith:

I have filed an amendment on line as required which shows Dwight Remick as the Sponsor of the Committee.

At the time of the original filing I believed that there would be additional contributions made by other individuals so that there would not be 80% of total contributions from one single individual.

Please let me know if you should need additional information or if there is any filings or amendments required at this time.

Thank you for your guidance and assistance.

Dwight

Dwight Remick
