Hello PDC Support,

Please consider this my reply to the complaint and action items requested. I believe my campaign has done the following actions since outlined by the PDC:

"

- Please review your records to confirm that you have reported all activity for June on your June C-4 report, which was filed early on 6/9/25 and amended on 6/17/25.
- If additional activity needs to be reported, please amend your June C-4 report to include this information by **July 15, 2025**.

Please amend your C-4 reports to provide the following information by no later than **July 10, 2025**:

- The number of yard signs received as an in-kind contribution from Capitol City Press on 12/1/24
- For the three expenditures made to Northwest Passage Consulting, the number of printed items & stickers, and subvendor details, if subvendors were used "

If this has not been done satisfactorily and is not complete please let me know ASAP and I will work to rectify it. Please also consider below my direct response to the complaint:

Hi Mr. Edwards & the PDC,

I apologize for the error in my campaign's finance reporting, and will be sure to work with my treasurer to report expenses, contributions, and in-kinds in a timely manner and provide more thorough details like quantities and sub-vendors moving forward. We will file reports in a quicker time frame as well as I approach the General election per the PDC guidelines.

We apologize for the human error and misunderstanding of how to report, and we will be sure to call the PDC prior to filing in the future if we are unsure about anything. We are diligently working to report all elements of the campaign and be transparent, like the signs we were granted as well as the fair-market value of the spaces we were granted to use for free. We appreciate your attentiveness and commitment to a transparent and high-integrity campaign finance system.

Thank you,

Paul Charbonneau
