

PDC Case #175873 Southwest Washington Firefighters PAC

Responses to Connor Edwards complaints

1. Violation number 1 is a comment from Edwards, not a new complaint.
2. Violation number 2, the C4 was filed immediately when it was discovered that it was late, bringing it into compliance.
3. We are currently working with the PDC to see if this violation is applicable to us, as the date of payment to the vendor is in question.
4. We are working to amend the description area of the C4 to show the ballot measure that was supported.
