Response:

After reviewing the complaint I agree that the campaign finance reports listed in the complaint were filed late, no in-kind or expenditure for the filing fee was reported and the quantity the number of campaign signs purchased was not disclosed.

In our defense Candidate Whetzel and myself are new to the regulations and processes associated with Washington State's Campaign Finance Disclosure.

Being in trusted with the role of Treasurer I attended an online ORCA Demonstration, watched all available online videos, and read the limited materials found online, sadly the information available is difficult to locate and is not clear on how and what to file.

Campaign finance report/110297019 has been amended, campaign sign quantity and details added

In-Kind/Expenditure has been reported

Moving forward all submissions will be completed before the 10th of the following month.
