To: PDC Support" <pdcc@pdcc.wa.gov>

Thanks for the opportunity to respond to the complaint filed under PDC Case #176405 about sponsor identification on my campaign signs.

This is my first time running for elected office, and I'm learning as I go. I understand now that a number of my signs didn't include the required sponsor information with a mailing address as outlined in RCW 42.17A.320. It was an honest mistake on my part, and I'm sorry for the inconvenience it's caused.

As soon as I became aware of the issue, I placed a rush order for stickers with the proper sponsor ID and will be applying them to all noncompliant signs as soon as they arrive. Moving forward, everything I put out will be fully compliant.

I meant no harm to the process and appreciate the PDC's role in making sure campaigns are transparent and follow the rules. I'm also thankful there are folks in the community who care enough to pay attention and help keep things on track. I take this seriously and will make sure it doesn't happen again.

Thanks,

Drew
