Good Morning Tabatha,

Thank you for your response to my voicemail. I am however responding to this email as my first formal response.

I did speak with Scott Haley in your Compliance Office yesterday regarding the C-1 report and including the sponsor's name for the \$90k contribution. It was identified that this was reported incorrectly, and it should have been reported as a contribution from Local 48 Electricians PAC Comm. Scott walked me through amending the original transaction, as well as I updated our C3 report to reflect this change. That all said, I am still not quite sure what needs to be done with the C-1 report. If I understand correctly, nothing now that this amendment was made. Scott was unsure how to advise and suggested I reach out to you. I understand you are not in the office today. I will do my best to follow your instructions on updating our C-1 and am hopeful we can connect on Monday, 8/11/25.

I would like to further discuss what the other alleged violations are and make sure I fully understand before I give a complete explanation. Again, hoping we can connect Monday and please know I am making my very best effort to complete all compliance in the timeframe requested.

Thank You,

Tracey Powers
